Each applicant must show to the satisfaction of the Board that he meets at least the minimum requirements set forth in Section 10 of the Law before he will be admitted to any examination. 3. Upon receipt of an application and the application fee, the Secretary shall send a form letter acknowledging the application and advising the applicant that the routine of making the necessary investigations will be followed and that he will be notified no later than 10 days before the written examination whether he will be admitted to it.

7. An oral examination may be required in addition to the prescribed written examination.

8. Each applicant shall submit with his application a digest of his training and experience. No one shall be eligible for examination until he has reached the age and had the minimum experience required by the Law.

Class 2. Class 2 shall include all applicants applying for registration under Section 81-8,115, R.R.S. Nebraska, 1943, who may be registered in another state, which maintains standards equal to those required by the State of Nebraska.

RULE 2 - APPLICATION FOR REGISTRATION:

1. Application forms for registration as a land surveyor may be obtained from the office of the Secretary of the Board of Examiners for Land Surveyors, P. O. Box 94663, State Capitol Building, Lincoln, Nebraska 68509.

2. Applications must be received by the Secretary sufficiently in advance of examination dates to permit completion of processing by the Board and issuance of the required 10 days notice to the applicant. Applications must be typed or neatly lettered in ink on forms prescribed and furnished by the Board. To be acceptable they must be filled out completely and in the detail requested.

3. No application will be accepted unless it is accompanied by a check, draft or money order in the amount of \$25.00 made payable to the Secretary of the Board of Examiners for Land Surveyors.

4. All information received from references named by the applicant shall be held in confidence by the Board. No member of the Board shall be named as a reference.

5. An applicant shall not be admitted to the examination until satisfactory replies have been received from a minimum of 3 of his references. It is suggested that each applicant contact his references to avoid delay.

6. The Secretary shall submit to all applicants for registration by reciprocity a questionnaire relative to surveying laws in Nebraska and the Secretary shall interview all applicants for registration by reciprocity prior to consideration by the Board.

RULE 3 - EXAMINATIONS:

1. Examinations shall be conducted as prescribed in the Law, at such times and places as the Board may designate, and in accordance with such rules and regulations as the Board may decide upon.

2. The application for registration is a part of the examination. Each applicant must show to the satisfaction of the Board that he meets at least the minimum requirements set forth in Section 81-8,117, R.R.S. Nebraska, 1943, before he will be admitted to any examination. Failure to meet the minimum requirements of this section of the act shall be interpreted as if it were a failure in the examination with retention of the application fee. However, the Board may continue consideration of an application for one year wherein the applicant has an experience deficiency of less than one year, or other valid reason, and without causing forfeiture of the application fee.

3. Upon receipt of an application and the application fee, the Secretary shall acknowledge the application and advise the applicant that the routine of making the necessary investigations will be followed and that he will be notified no later than 10 days before the written examination whether he will be admitted to it.

4. If an applicant does not intend to appear for an examination he shall notify the Secretary of the Board to that effect at least 5 days prior to the date of said examination.

5. An approved applicant may be given two opportunities, without additional fee requisites, to appear for the required examination. In the event he does not avail himself of these opportunities within a two year period, his papers will be permanently filed and he will have the status thereafter of a new applicant.

6. The written examination for registration as a Land Surveyor shall be of two sections, one with the use of books and the other without. It shall not be waived except in cases of reciprocity.

7. An oral examination may be required in addition to the prescribed written examination.

8. Each applicant shall submit with his application a digest of his training and experience. No one shall be eligible for examination until he has reached the age and had the minimum experience required by the Law.

9. Each applicant may be called before the Board for a personal interview.

10. Each applicant accepted for examination under Class I shall receive a grade based upon the composite judgment of the Board with respect to his education, experience and a personal interview. This grade must be 70 or more for the applicant to qualify for registration.

11. The grade in his written examination must be 70 or more for an applicant to qualify for registration.

RULE 4 - REJECTIONS:

When an applicant is rejected for any cause, the unsuccessful applicant shall be notified as promptly as practicable and informed of the reason or reasons for his rejection.

The fee for issuing a duplicate registration certificate shall be \$5.00 payable upon receipt of the duplicate.

The duplicate certificate, if issued, shall bear the same number as the original and the notation "DUPLICATE".

RULE 6 - NOTICE OF ANNUAL FEE:

Prior to December 1 of each year, the Secretary shall notify all persons registered under the act of the amount of the annual fee for the following year and that it will be due and payable on or before January 1.

New registrations granted during the period of September 1 to December 31 in any one year shall be granted a registration card for the following year under the \$25.00 application fee.
